

MysticArt Pictures announces an inspiring, aspirational, and life-changing new show!

Are you and your family completing your bucket list? Are you:

- Leaving your old life behind to travel the world together?
- Trying to conquer a massive goal that has always been your dream?
- Working to learn new skills or develop a new career/business?
- Building something you've always wanted, such as a house, a boat, etc?
- Transforming in a way no one in your life could ever imagine?

We are now accepting 2-3 minute video submissions from families all over the world that are putting their 9-5's aside to focus on their bucket lists! In your video, please include:

- Your names and ages
- Where you currently live
- What your goals are
- Details about how you plan to achieve your goals

If using a phone to film, please be sure to set up your phone so it is horizontal, not vertical. Submit your video by emailing the file/sharing the link with bucketlistcast@gmail.com.
